Connect America Fund) WC Docket No. 10-90

THIRD SUPPLEMENTAL PROTECTIVE ORDER

Adopted: December 11, 2012

Released: December 11, 2012

By the Chief, Wireline Competition Bureau:

1. On November 18, 2011, the Federal Communications Commission (Commission) released the *USF/ICC Transformation Order*.¹ In that Order, the Commission adopted a methodology for distributing universal service support under the newly created Connect America Fund Phase II in areas served by price cap carriers. The methodology will use a forward-looking cost model to estimate the costs of deployment of voice and broadband capable networks in high-cost areas and identify at a granular level the areas where support will be made available. The Commission delegated to the Wireline Competition Bureau (Bureau) “the task of selecting a specific engineering cost model and associated inputs” that meet the criteria specified in the *USF/ICC Transformation Order*.²

2. In order to provide the Commission with a potential model, the Universal Service Administrative Corporation (USAC) contracted with CostQuest Associates, Inc. (CostQuest) to develop the Connect America Cost Model (or “CACM”), a forward-looking cost model intended to enable the Commission to accurately “estimate the cost of a modern voice and broadband capable network in price cap served areas.”³ The model will be made available to the public subject to a licensing agreement and a non-disclosure agreement (respectively Appendices B and C attached hereto). To ensure that the proprietary features of the cost model are afforded adequate protection in any submissions made to the Commission and to ensure that the public has the opportunity for robust participation, the Bureau, on its own motion, adopts this Third Supplemental Protective Order.⁴ We find that the procedures we adopt in this Order, along with the acknowledgement of confidentiality, the licensing agreement and non-
